A Joy-Water Disaster.

Atlanta, May 25.—When E. J. Tatam, a farmer living near Atlanta, drove his old mare into town he brought along a gallon jug of joy-water to slake his thirst and mitigate the discomforts of a dazzling sunshine.

The old mare ramblled down a 20-foot embankment, overturning the buggy and tangling herself so tight in the harness that she could not move.

Tatam slept on as peacefully as an infant. He was still sleeping when the police hauled him to the station house, in fact he slept throughout the night and all next day in his cell before he realized where he was.

## PEACE TAKES BY THE PRESIDENT AND TAFT TO FEATURE MEETING

(CONTINUED FROM PAGE ONE.)

Compters of the American Federation of Labor.

While a great deal of satisfaction was manifested at the league's headquarters today at the interest that the president and others of the administration are taking in the league's propaganda for a league of nations to be formed at the close of the present war in Europe, it was pointed out that the league's supporters comprise with a few exceptions, all of the political leaders in the country.

Emphasis was made of the fact that tomorrow's convention was called at this time largely for the purpose of obtaining political action in support of the league's proposals, in view of the possible participation by this country in international conferences to discuss peace terms, which will probably be held as the European war draws to a close.

The league's proposals are said to have the support of Lord Bryce, Sir Edward Grey, and to be regarded favorably by other Europeans.

The league to enforce peace was organized in Independence hall last June, when a platform was adopted which proposes that the United States join a league to be composed of the great powers, who shall guarantee a lasting peace by pledging the use of their joint armed forces, together with economic pressure, against any signatory which shall refuse to keep its agreement to try arbitration or conciliatory methods before beginning hostilities or declaring war. It does not propose enforcing the decree. Nations, under the plan, may go to war eventually, if arbitration or conciliation fails.

The committee gave out three letters, from Elihu Root to President Lowell, of Harvard, written in February, but not hitherto published, from Cardinal Gibbons and from President J. G. Schurman, of Cornell University, to ex-President Taft.

Gen. Gallieni Worse.

Paris, May 25.—The condition of General Gallieni, former war minister, has suddenly grown worse. Grave anxiety is felt for his chances of recovery. Gallieni resigned March 16 because of ill health and underwent a second operation for kidney trouble May 18.

How to Remove Easily

Here's a chance Miss Freckle-face to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to get rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under a guarantee of money back if it fails to remove freckles.

## HIDDEN TROUBLE

Because your teeth are faultless in APPEARANCE, it does not necessarily follow that they are SOUND. HIDDEN TROUBLE may be commencing in unseen places. Decay is often present for weeks BEFORE it becomes apparent. The skillful dentist can detect these places and PREVENT discoloration and disease. Go at least twice a year to your dentist, and have your teeth examined.
